THOMAS BAILEY, A.B.
"Tom"
Mobile, Ala.

TOM hails from Mobile; he graduated from McGill in 1927, and entered Spring Hill in the fall of the same year. Of a jovial disposition, Tom has made many friends both among the students and faculty, who give testimony to his loyalty and sincerity in all college activities. His quick wit and hearty laugh, known everywhere on the campus, will be greatly missed by all his friends, but they know that these will always be with him in success or trial.

Having heard that after graduation Tom intends to enter the business world in "Alabama's only Sea Port", we wish him all the success that we know will be his.

GEORGE W. BOURGEOIS, B.S.
"Bushie"

Jackson, Miss.

Mendel Society, '29, '30, '31; Springhillian Staff, '29, '30, '31 Associate Editor; Corsair Staff, '31; Glee Club, '30, '31; Mississippi Club, '29, '30.

BUSHIE" came to Spring Hill after having spent one year of College life attending the University of Colorado, but he has been a real Springhillian in every respect since the day of his arrival.

The mystery of George's disappearance from the campus every week-end is explained by the fact that Tommy Henderson has been instructing him in the art of 'possum hunting in the backwoods of Alabama.

"Bush" says he intends to study medicine, but it seems as though his mind enjoys the study of mechanisms more than anything else, for he was always a member of any group that was busy tearing down some machine on the campus.

He has worked hard during his college career, and has gained the esteem and friendship of all by his good nature and sincerity.

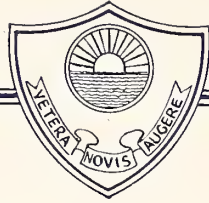

However, whatever profession he may decide to follow, both his mind and body are making a steady march onward, and there is no one who feels that this progress will cease at any time after graduation.

ALEXANDER J. BROWN, B.S.
"Alex"
Mobile, Ala.

A. J. is another member of the class of '31 who entered Spring Hill in 1927, after finishing his high school training at McGill in Mobile. He came to Spring Hill with the record of a good student, and this he has faithfully extended throughout his entire course. "Alex" is quiet and unassuming in his ways, which wins for him many close friends. One at first might judge A. J. to be only a student, but to those who know him he is a participator in many student activities; a booster of everything sponsored by his Alma Mater.

A. J. leaves next year to begin the study of medicine and we know that he will succeed if he continues as he did at the Hill. Best of luck A. J.

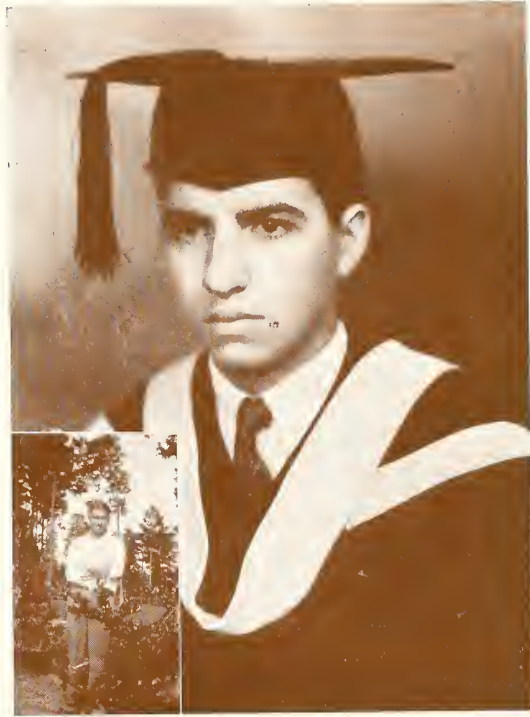

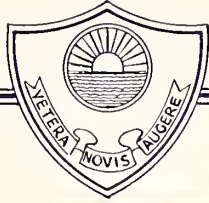

JOSEPH COSTA, B.S.C.,
"Joe"
Mobile, Ala.

JOE was born on Jan. 11th, 1910, and since then has built up quite a scholastic record for himself. He was graduated from Mobile High in '27, where he left an excellent record, and then came up to the Hill.

He is a student and thinker—this has been proved by his application during his stay here. His connection with the various organizations will undoubtedly add much to his large store of knowledge.

Joe has won and deserved his B.S.C. degree, and we may reasonably predict that he will meet with much success.

FRANCIS J. GREMILLION, B.A.

"Prof"

Marksville, La.

Poetry Society '29, Vice-Pres. '30, Pres. '31; Mendel Society '29; Short Story and Dramatic Society '29, '30, '31,—Sodality '28, '29, '30, '31. Springhillian Staff '29, '30, '31. (Contributing Editor). Saint John Berchman's Society '28, '29, '30, '31.

THE "PROFESSOR" eats Cosmology, Ethics, and other poisonous plants and says that he never felt better in his life. Truly, he is a real student. The class agnostic and objector. He rises up five feet, ten and one-half inches every few minutes to disagree and give his view and criticism.

Louisiana claims him as a citizen, and it was from the high school of Marksville that he journeyed to Mobile; there to attend Spring Hill College. The proud possessor of his degree of Bachelor of Arts, he leaves us for future studies in the law school of his state's university, Louisiana State, at Baton Rouge, Louisiana.

He attributes his ability on the tennis court to his early beginning at the feel of the raquet when Mother could not find the strap.

"Prof" Gremillion will long be remembered around the "Hill," for he was more than the ordinary student. Always ready with some remark, sometimes sarcastic but never lacking wit, his company was ever desirable. He will never lose his attractiveness of character and I don't think that Spring Hill will ever forget him.

VICTOR H. LOTT, B.S.C.

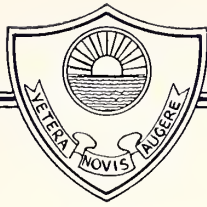

Jackson, Miss.

President of class, '28, '30, and '31. Member of Student Council, '29. Portier Literary Society, Secretary-Treasurer '29. Member Portier Literary Society, '28, '29, '30, '31; President '30, '31. Member of Phi Omega Fraternity; Secretary, '29; Chancellor, '30; Vice-Chancellor, '31. Varsity Basketball, '30. President Press Bureau, '29, '30, '31. College Choir, '28, '29, '30.

SCHOLAR and gentleman, Vic has been an outstanding figure in College activities since his registration in 1927. He has evidenced during the course of his four years sojourn at Spring Hill that he possessed an abundance of that mysterious quality which proclaims The Leader in all the walks of life.

Vic is one of those fortunate few who are blessed with nature's most elusive gift, an adjustable personality—cheerful always, nevertheless, when occasion demanded he was the essence of dignity—a sparkling wit, ready humor, a charming conversationalist and an understanding listener. Vic has certainly carved a deep and lasting niche in the hearts of his many friends.

Your constant application to classes, your zeal to further every progressive movement of the College, your desire to aid and help your fellow student have all tended to endear you to your Alma Mater, Vic—and have made S. H. profit by your presence. Good Luck, old boy and Success.

THOMAS McPHILLIPS, B.S.C.

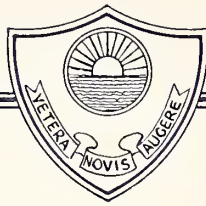

"Tommy"

Spring Hill, Ala.

WHEN Little Tommy first saw the light of day on November 11th, 1909, we may reasonably suppose that his first self expression was one of laughter. Coming up to the Hill Hi from Yerby, he spent his high school days beneath the shadow of the College which was soon to give him a degree.

He came into our midst in 1927 and although he had grown up, Tommy still retained that joviality which characterized his first expression. He is always to be found smiling and ready to look upon the bright side of things.

Now, that he has spent his high school and College days at the Hill, we are to lose him. He will enter the business world where we know that his smile will win for him a good position.

GEORGE A. METZGER, A.B.

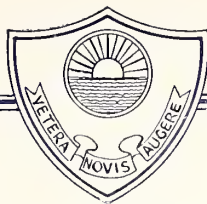

"Geo"

Mobile, Ala.

GEORGE first saw light here in Mobile on March 30, 1910. He completed his high school education in Mobile at McGill Institute, and then entered Spring Hill.

Although George is rather reserved in disposition, he has gained many friends by his natural unassuming air and quietness of manner; he is not too reticent, but very jovial and loquacious without being too boisterous.

Goodbye, George. We feel sure that your future is destined to be a success.

WILLIAM H. MURRAY, JR., B.S.C.
"Bill"

Memphis, Tenn.

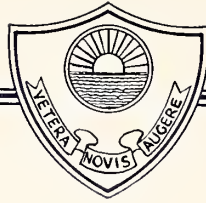

Mendel '27, '28; St. John Berchman '28, '29, '30, '31;
Portier Literary Society '28, '29, '30, '31; Sodality
'28, '29, '30, '31; Baseball '29, '30, '31; Football
'28, '29, '30.

BILL" finished his preparatory courses at Catholic High School of Memphis and came to Spring Hill in 1927. The Tennessee papers had praised William highly for his athletic ability. He leaves us with quite a substantial record. His football career was perfect; he wears three stripes on his sweater. To cap these three years he surpassed his previous efforts this year with that necessary extra point to win for the Badgers on more than one occasion. The newspapers called his, "the educated toe". It was talented.

In baseball, he roamed about the center outer garden and gathered quite a few "P.O's." It will be hard to replace the little Irishman.

"Wee Willie's" abilities were not limited to sports. His athletic spirit was carried into the classroom and onto the campus. He graduates a successful student and a member of many scholastic organizations.

Bill intends entering the business world and there he should be as successful as on the gridiron.

CHARLES JOSEPH OWENS, JR., B.S.C.

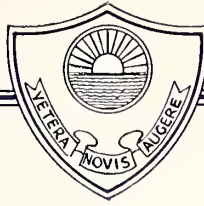

"Mutt"
Lawrence, Mass.

Football '27, '28, '29; Captain '30; Omicron Sigma
'27, '28, '29; Chancellor '30; President of "S" Club;
Sodality '27, '28, '29; Student Council '27-'29; Class
President '28.

MUTT began his college days at Georgetown but Spring Hill profited by his decision to enter there in the fall of 1927. He captained his freshman football team, and with his characteristic zeal, plunged into varsity competition and emerged conqueror. Mutt held down one of the wing positions for the past three seasons, and his playing and sportsmanship led his teammates to confer the captaincy of the 1930 team upon him.

We can truthfully say that Mutt has been one of the most prominent men on the campus. His name is linked with many of the campus societies and in addition to this he is prominent socially throughout Mobile.

Mutt intends to enter the business world. A person with his talent cannot help but succeed. Good Luck Mutt. Spring Hill wishes you well.

EDWARD V. O'ROURKE, B.S.C.

"Spike"

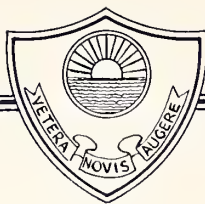

Mobile, Ala.

Freshman Football '28; Football '29

SPIKE" is another native Mobilian; he was born on September 13th, 1909. His good nature, his witty remarks, his individual manner of uttering philosophical truths, and his happy disposition have gained for him an enviable popularity. Although of an intellectual turn of mind and essentially the student, he participated in football for several seasons.

It is with a distinct feeling of sincere regret that we witness the departure of such a good companion, earnest student and sterling gentleman.

We wish him the success which we are confident will be his in the years to come.

ROSS SCHILLECI, B.S.C.

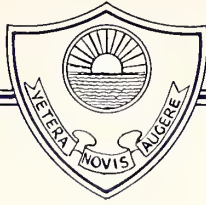

"Taters"

Bessemer, Ala.

Sodality '30, '31; "S" Club '31; Senior Basketball '31;
Baseball '30, '31; Football '30, '31; News Bureau
'30, '31.

ROSS hails from Bessemer, Alabama. We are proud of "the fat boy in the college," and all of us will miss him. He was a stellar performer on both the gridiron and the diamond; an able catcher and a massive guard.

We are expecting big things from Ross, and we hope that in the years to come he will make as big a hit with the world as he did with us. Good luck, "Taters."

WILLIAM JOSEPH SNEERINGER, A.B.,
"Willie"

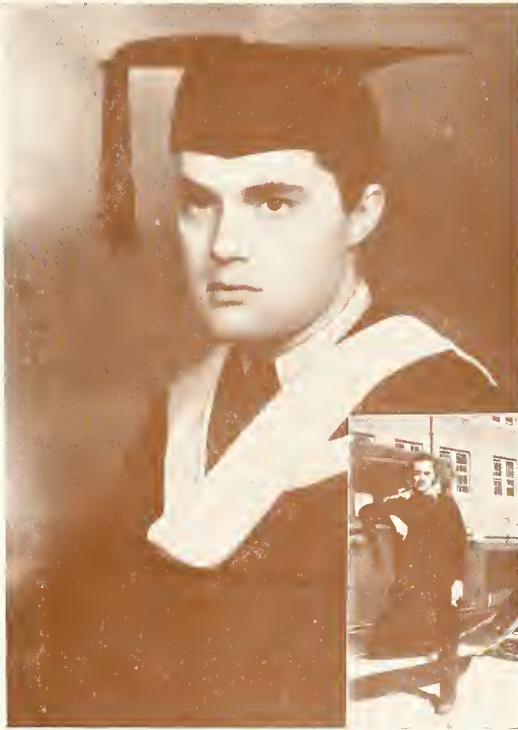

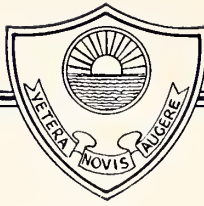

Springhillian Staff '28-'29-'30-'31, Mendel Biological Society '31, Poetry Society '30-'31, Vice-President '31, Short Story Society '30-31, President '31.

WILLIAM JOSEPH SNEERINGER, more commonly known as Willie, entered Spring Hill College after a successful four-year jaunt through Spring Hill Hi.

Quiet and reserved by nature, he, nevertheless, made himself felt wherever he happened to be and in whatever he happened to be engaged. Quick witted and observant, his sallies were often the occasion for laughter.

One would have to look far to discover a student more apt or more intelligent than Willie. "A"s were his meat and drink and he managed to garner quite a few of them.

He intends entering the Georgetown Law school, next year, and we feel quite sure that that school will be much enriched by the registration of the scholar and the gentleman found in the person of Mr. William Sneeringer.

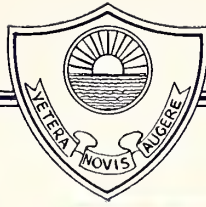

CLAUDE STALLWORTH, A.B.
"Claude"
Mobile, Ala.

Short Story Society. Poetry Society. Dramatic Society.
Mendel Society. Springhillian Staff.

ALTHOUGH coming to Springhill in his senior year, Claude soon developed the true Spring Hill Spirit. His contributions to the Literary Societies and to the Springhillian have distinguished him as a real scholar.

Finishing at Murphy High School, Claude continued his pursuit for higher education at Mount St. Marys College in Maryland. There he finished in the Prep Department and went to the American College of Rome, Rome, Italy. But the call of home was too great and Claude entered Springhill in the fall of 1930.

Seeing how you have mastered all situations in the past, Spring Hill feels sure that there are many honors and glories awaiting you in the future.

WARREN C. STEPHENS, B.S.C.
"Deb"

Keener, Ala.

Freshman football, '27; Varsity football '29, '30; Alternate-captain football, '30; Mendel Society, '28-'31; President Mendel Society, '31; Phi Omega '28-'31; Freshman baseball, '28; President Student Council '31; Vice-President "S" Club, '31.

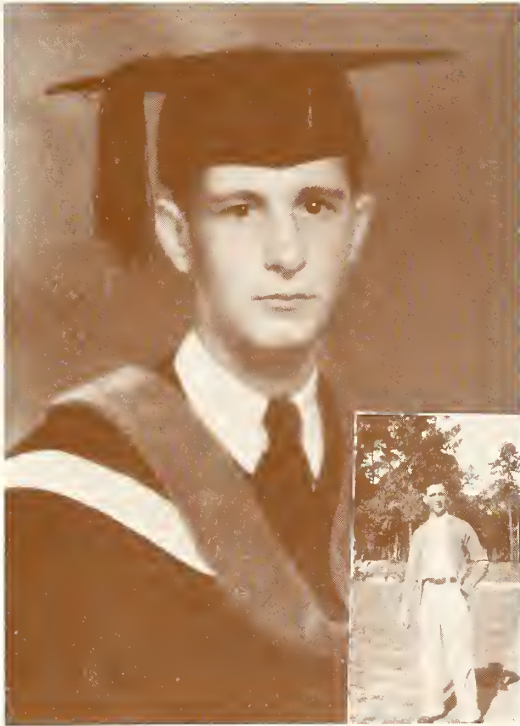

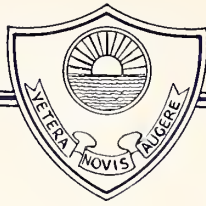

SPRING HILL is much indebted to Keener, Alabama as the birthplace of Warren "Deb" Stephens, a Spring-Hillian whom the Hill is proud to claim. From the day that "Deb" registered at the Hill he won his way into the hearts of each loyal son of the school, and as the years went by scholastic and athletic achievements of note added to this popularity, so that now on his departure he is able to look back with satisfaction upon a work well done.

His popularity and estimation among the students of the Hill is shown by the fact that he was chosen, during his senior year, as president of the Student Council of Spring Hill, the highest honor within reach of any Hill student.

His interest and achievements in scholastic work may be pointed out by the fact that for four years he was a member of the Mendel Biological Club, served as its president, and edited the "Mendelian"—the only college paper devoted solely to biological subjects.

His capability on the gridiron is attested by the fact that he was rated among the finest centers in the South by being selected all-S.I.A.A. center for the 1930 season, and served that year as alternate-captain of the Badger eleven.

Spring Hill is sorrowful at the departure of "Deb" Stephens from its ranks, and wishes him all the success in later life that he has enjoyed while here at school.

ALOYSIUS STUARDI, B.S.
"Al"

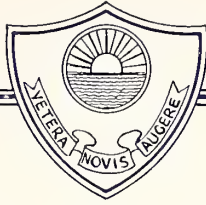

Mobile, Ala.

Mendel '29, '30, '31; Phi Omega '28-'31. (Treasurer '29-'31); Sodality '28-'31; Springhillian '29-'31.

AL is a true Spring Hillian, a leader among his schoolmates and an earnest student.

During Al's stay at the Hill his Napoleon-like stature has become an outstanding figure on the campus. He has distinguished himself as a member of the various organizations; he was secretary of the Freshman Class in '28 and of the Junior Class in '30, and treasurer of his frat from '29 to '31.

It is probable that Al will follow the medical profession, and we are sure that his sterling character and studious habits will carry him far along the path of success.

WARD L. TILLY, A.B.

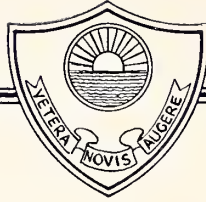

"Reward"

New Iberia, La.

Sodality '28, '29, '30, '31; Portier Literary Society '28, '29, '30, '31; Mendel Society '30, '31; Omicron Sigma '31; Manager Freshman Baseball '28; News Bureau '31.

WHEN he left New Iberia High School his immature mind conceived the possibility of his being a college bred man. He entered Spring Hill and for four long years he has toiled and like "Tillie the toiler" he has placed his name in the Hall of Fame.

Since those early days he has acquired, along with his education, many friends. We know he will be an illustrious alumni and we wish him "Bon Voyage".

ROBERT JOSEPH TUCKER, B.S.C.

"Bob"

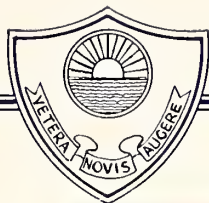

Torrington, Conn.

Mendel Club; Sodality; Baseball '28, '29, '30, '31;
Basketball '29, '30; Omicron Sigma

BOB finished high school at Torrington High, and heeding the call of the South, he entered Spring Hill in the fall of '27.

His reputation as a baseball player preceeded him, and during his stay here he has added to his fame as a diamond artist. During his first year he was captain of the freshman team, and since then he has held down the keystone position on the varsity nine. However, his athletic ability was not confined to the diamond alone, for he also felt at home on a basketball court.

Bob intends to enter the business world, and we feel confident that he will be a big success. Goodbye and goodluck, Bob.

GEORGE O. TWEELMEYER, A.B.

"Tweedle"

Yazoo City, Miss.

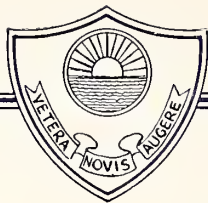

Portier Literary Society, '28, '29, '30; Mendel Society '28-'31; Phi Omega Fraternity, Secretary '31; Vice-President Senior Class '31; Corsair Staff '29, Assistant Editor '30, Editor-in-Chief '31; Sodality '28-'31.

GEORGE left Yazoo City, a graduate of the high school of that Mississippi town, in '27. He traveled across his native state and found his way to Spring Hill, where he enrolled as a member of the class of '31.

"Tweedle" was an active member in various organizations, and an officer in several. In the Phi Omega Fraternity he held the office of secretary during his senior year and proved most capable. He was also editor-in-chief of the Corsair. How well he served this publication may be judged from the fact that this year's Corsair is the best ever published.

Although he was not a famous athlete, he was not adverse to sports, and was often to be seen swinging a golf club on the College course. However, his activities were more confined to the scholastic side of school life, and he has done exceptionally well in his studies. He was awarded an A.B. degree, and was one of the leaders of his class.

Whether he will be a professional or a business man is yet undecided. He is wavering between the greatness of medicine and the dignity of the business man, but whatever path he may choose to follow, we feel sure that he will find success.

ALPHONSE HAYS ZIEMAN, A.B.,
"Hays"
Mobile, Ala.

Phi Omega Fraternity, Mendel Society, Treasurer '31;
The "S" Club, Senior Class Secretary-Treasurer; Base-
ball '29-'30-'31.

HAYS entered Spring Hill College in the fall of '27, after spending four years in the prep school. Here he upheld the same high standard he had set in his high school days. Aside from intellectual fame, Hays has covered himself with glory, by the way he roamed about the left outer garden on the varsity nine. His timely hitting and fielding have helped to win many games for his Alma Mater. He was always a genial companion, faithful student, and reliable athlete. Without him, social activities would hardly have been the same.

We understand your chosen profession is medicine. And we wish you as much luck and success in it as you have enjoyed at the Hill.

ACTIVITIES of Hill clubs and organizations, regardless of a well earned victory or a hard fought defeat, were kept before the public eye by the members of this important organization.

Experience in developing a "nose for news" aided the news gatherers in their search for any event of minor or major importance. Football victories, baseball trouncings administered to strong southern college nines, and intra-mural athletic activities were emblazoned in newspapers throughout the south and served to definitely place Spring Hill where it belongs—on the map.

THE PAST YEAR witnessed one of the Portier Literary Society's busiest and most successful years in regard to the furtherance of literary, forensic and dramatic activities. The membership in the student organization was increased and a large number of freshmen were added to the hither-to limited enrollment.

A Cohan favorite, "The Meanest Man in the World," was presented as the Society's contribution to dramatic activities of the year. Engaging in but one inter-collegiate debate, the Portier orators decisively defeated the representatives of Loyola University in a contest held in New Orleans.

COACH DONAHUE,
Athletic Director

COACH DALY

Eight hipless, spinning, weaving ball toting backs and a front bulwark composed of eleven hefty, experienced gridsters comprise the reason why the Purple wave flaunts its colors on high another season. Spangling the season with thrills such as come to the same grid field but few times, the Badger aggregation crashed their way through all S. I. A. A. opposition and emerged as a claimant to the title for the second consecutive year.

Coach Barb Daly's cohorts swept through the competition furnished by Howard College, Birmingham-Southern, Southwestern of Louisiana, Mississippi State, Marion Institute, and Union University, but bowed to the superior skill and weight of numbers thrown into the breach by Auburn and the University of Vannderbilt. The Alabama Polytechnic Institute eleven cracked out a 13-0 win over the Hillians after one of the hardest tilts witnessed at a Homecoming Day celebration in years, and Vanderbilt used their string of regulars to snatch a 27-6 victory. The never-say-die spirit of the Badgers, however, elicited extremely favorable comment from Nashville sport writers in this latter game.

Glowing praise has already been heaped on the heads of the Hill stalwarts and their great showing in the face of overwhelming odds certainly merits all the glory they achieved—but greater victories should be theirs next year. Bigger opportunities for a display of their indomitable courage and unquenchable spirit during the 1931 season undoubtedly means another championship title for the Hill in the Purple's first year in the newly organized Dixie Conference—at least it does in the opinion of all loyal Badger supporters.

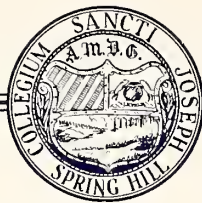

FRANK LOTT
Football Manager

Top Row: Lott, Manager; Richards; Reynaud; Mabry; Murray; Mattina; Kuppersmith; Foster; Stephens.

Second Row: Gibbons; Sullivan; Mattei; Owens; Bilgere; Aitkens; Schilleci; Smith.

Bottom Row: Breen; Prevost; Lovell; Armitage; Sabatier; Caviezal.

CHARLIE OWENS, End

Charlie Owens made his last year with the Badgers his best one. Dependability was the keynote of his success; he could always be counted on to hold up his part of the line, and to come through in any emergency. It was next to impossible to circle his end, and time after time he would break through to smear enemy plays before they could get started. He held his own against the best in the S. I. A. A., and against the Southern Conference teams that Spring Hill played. It will take a long hard search to find a man to take Charlie's place for ends of his caliber are few and far between.

WARREN STEPHENS, Center

When "Deb" graduates this year Spring Hill will lose one of the greatest centers ever to wear the Purple and White. An outstanding player among the most able athletes Spring Hill has ever placed upon the gridiron. W. C. was always dependable, a driving linesman, a sure tackler. As alternate-Captain of the conference leading Badgers he was the bulwark of the Purple forward wall. It was when the going was hardest that "Deb" was at his best and as an interceptor of passes he has yet to meet his peer in the "Little Conference". As a triumphant climax to a brilliant football career he was selected as center on the Mythical All-S. I. A. A. and received mention on the All-Southern.

EDGAR LOVELL, Fullback

Although, not the bulky type of fullback, Edgar is a hard line plunger that makes things fly when he comes their way. Only a sophomore, yet plenty is expected from him during his next two years for he made more than his share of the touchdowns this year. When this big gun of the Hill battery swings into action, look out, for it will take more than one to stop him.

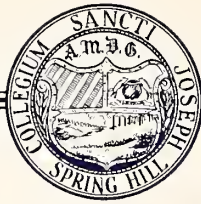

JOE BILGERE, Quarterback

Joe was perhaps the fastest man on the team. His specialty was making long runs on the first play of the game. In the first game he trotted around left end for sixty yards and a touchdown. The second game, same play, he raced down the field for fifty-five yards. In the Auburn game, he was put out for good with a busted ankle. Such big things are expected of Joe next year that he was elected alternate captain of the team.

WARREN AITKENS, Quarterback

"Legs" can run and pass to say nothing of his ability to boot the pigskin. Warren is one of the best field generals the Hill can boast of because he seems to run just the right play at the right time and that is what it takes to make them. When "Legs" is back there calling signals the team knows everything is all right. The story at Auburn would probably have been different if he had been left on his feet. This is our captain for next year—he is of the best.

BURNETT MABRY, Fullback

"Honest B" is one of those hard driving backs who sweeps everything before him. He has proven that his ponderous bulk is a battering ram to be feared by any team. He is a consistent ground gainer, and when only a yard or two was needed for a touchdown or first down, he was usually the one called upon to deliver the goods. His motto seems to be, hit it low and hit it hard.

EARL MATTINA, Halfback

"Oily", that was Earl's middle name for he could slip through holes in the line that seemed to be plugged up. And when he skirted the ends they had to be of the best to stop him. The season was almost ruined for him by a game leg but when he was in the game he showed them what it was to use the "A" formation successfully. He sways from the hips all the time and has a good change of pace.

HARRY MATTEI, Halfback

Harry's ability was not recognized at the beginning of the season but when he did get in there he proved to be one of the sweetest running backs that could boast of a purple and white uniform. It seemed that toward the end of the season he was trying to make up for that time he lost at the beginning. Harry has two more years with the team and should develop into one of the most elusive ball toters that ever lined up on the Hill gridiron.

JAY FEORE, End

"Jay", serving his second year with the Badgers, proved a star the first part of the season but was hampered by injuries the last few games. Nevertheless, he was in there fighting the best he could and always seemed to be in the breach when the ball came that way. When the ball came around "Jay's" end the play was sure to be smeared for he always seemed to be there at just the right time.

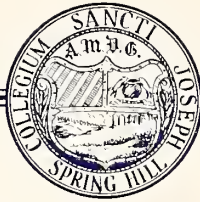

BILL MURRAY, Halfback

Here is another All-S. I. A. A. man. Bill has played his last year for the Badgers but his name will live long in the memory of the students and fans. He proved himself an excellent performer in the back garden. Had it not been for Bill's "educated toe" many of the victories of the past season would have been turned into ties or losses. The most notable example of this is when he kicked the goal for a 7-6 win over Birmingham-Southern.

HENRY ALEXANDER, Guard

"Alex" will ever be remembered for his playing in the Auburn game. He seemed to spend more time in the Auburn backfield than in his own line. Whether at guard or fullback, he was always in the game showing that fine spirit that made him invaluable to the team. "Alex", although steady, was at times spectacular and, even, when it seemed he would have to be carried off the field, would stay in there and prove a thorn in the side of the opponents.

STAG FOSTER, Tackle

This bulwark of the line was a power that the opponents had to reckon with and not a team escaped his tireless onslaught. Few plays were run over him by the opponents, and often, by his powerful drives, he would get in their backfield and break up the plays before they could be formed. On the offensive, he would rip open the opponents line to clear the way for the ball carriers.

OLIVER KUPPERSMITH, End

Ollie Kuppersmith, the most versatile gridster on the varsity roster, successfully upheld his record as a capable utility man by playing end, tackle and guard in the various college encounters. This wiry Mobilian is perhaps the most able defensive player on the purple grid machine. Additional experience, added weight and that "never say die" spirit should make Ollie one of our best for the coming season.

WALTER GIBBONS, End

Walt Gibbons, our elongated terminal man, spangled the season with his beautiful play at the end position. His huge hands makes him an adept on the receiving end of every aerial attack, and his vicious tackling usually wrecks havoc with the enemy ball toting cavalry. Gib's broken-field running ability was successfully demonstrated in the Vanderbilt University encounter, and it will be a long time before loyal Hill supporters will forget the spectacular 7-6 victory over Birmingham-Southern for which he was, undoubtedly, largely responsible.

CHARLES RICHARDS, Tackle

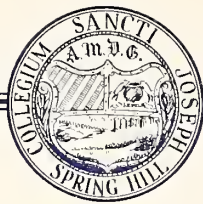

Six feet six inches of brawn, fighting ability and stamina characterized this Bessemer gridster's first year on the Hill eleven. A sophomore and consequently playing his first year, Charley has made a record to be envied by the oldest varsity performer. Richards participated in the full schedule of seven games without being removed from active play in the forward wall and next year should point the way to an even greater season.

ROSS SCHILLECI, Guard
"Taters" was not a spectacular player, but was always dependable. His massive bulk and strength will be missed in the line next year as he has proved a veritable stone wall against which the opponents would wear themselves down. When "Mac" was in there, he let them know that they had one of the hardest fighters on the team to contend with.

DENNY SULLIVAN, Tackle

Denny Sullivan, titan-haired Irish tackle of the 1929 varsity machine, although on the side-lines for the major portion of the 1930 season because of an appendicitis operation, certainly displayed his own peculiar type of fire-works during the few embroglios into which he was allowed to enter. His indomitable spirit and unquenchable thirst for action again characterized his play and the 1931 eleven is certain to be greatly strengthened by his eligibility for a full season's play.

FRESHMAN FOOTBALL

To an outsider glancing over the record of the Spring Hill frosh on the gridiron during the 1930 season the results would seem rather disappointing. True as it is that the first year men accomplished more than that given credit to them by the newspapers for their games played. Southern Military Academy of Greensboro, Alabama, defeated the frosh 21-6, the Loyola frosh took them down by the score of 20-0 and the baby Panthers of Birmingham-Southern turned them back by the score of 21-0.

The defeats of the Baby Badgers lose any significance when it is taken into consideration that their great work of the season was offering opposition to the varsity eleven of 1930 which repeated as champions in the S. I. A. A. Day after day the lowly frosh scrimmaged their heavier school-mates in whipping them into shape for their conference and non-conference foes. With much promising material to work with Athletic Director Mike Donahue experimented freely with his men in an effort to place them where they functioned best that they might step more easily into a place on the Hill varsity. The work of the squad as a whole was so well done that it would be unfair to pick any individuals for brilliant performance during the season.

And while it must be admitted that the season of competition for the frosh was not very successful, it must also be admitted that they deserve great praise for their part in shaping the championship varsity of 1930.

Varsity Baseball

The Spring Hill Badgers, although possessing this year one of the greatest nines in its history, were unable to establish their true standing in Southern college baseball due to the lack of intercollegiate games on their schedule.

Last year's team which went through a most successful season was practically intact for the 1931 season with Bob Douville, ace of the 1930 hurling staff the only man lost by graduation. However, with Lou Kurhan, portside hurler pitching in great form, and with two brilliant soph pitchers, "Slim" Richards and Eddie Lovell, the Hill hurling staff proved a formidable asset to the team. Huyett, another sophomore and Ross Schilleci, a second year man on the team, carried the burden behind the plate.

"Bullet Joe" Bilgere at third, Mickie Bellande at shortstop, and Earl Mattina at first base played their second year in their positions with Bob Tucker, holding down the keystone sack for the third year in a row. This quartet, with experience and ability in its favor turned in some classy baseball performances. "Memphis Bill Murray and Hays Ziemann, three year men, and Warren Aitkens a second year man, roamed the outer garden in brilliant fashion.

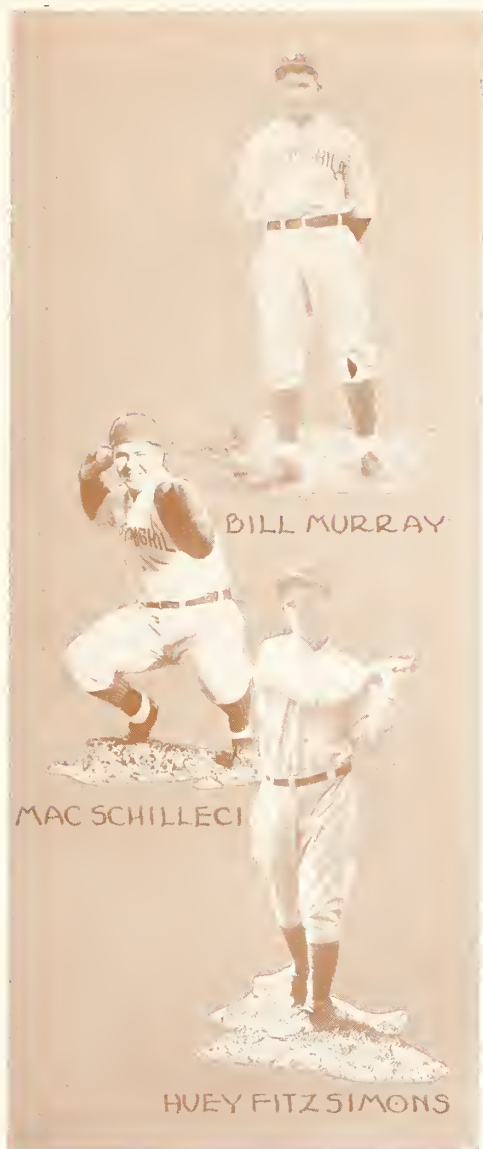

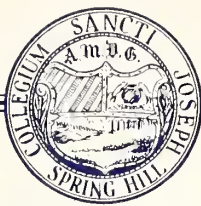

The Badgers went over to Pensacola to open up the season against the Boston Red Sox, big league outfit there for the spring season. With Kurhan on the mound the Hillians gave the boys from the big show a warm contest although they were defeated by the score of 4-1. The Baltimore Orioles were next tackled in Gulfport, and in another close contest the Badgers were defeated by the score of 3-1. Eddie Lovell and Lou Kurhan performed in brilliant fashion on the mound for the Badgers.

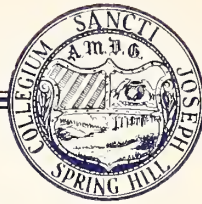

The following week the Hill nine went over to Biloxi to engage the Washington Senators who defeated them by the score of 7-3. Richards went the entire route for the Hillians in a game much closer than the score indicates. The Badgers completed their major and minor league engagements with a contest with the Mobile Marines, Southern League outfit. By virtue of late inning rallies the Marines emerged victorious over the Hillians by an 8-5 score.

Although the Badgers failed to cop any contests from their major and minor league opponents they attracted much attention and received much praise from big league scouts in the South. Bellande, Hill shortstop, in particular received the praise of scouts for his classy fielding and heavy hitting.

The University of Alabama came to Mobile as a highly touted baseball aggregation to play the Badgers in a two game series. With Lovell on the mound in the first game the Badgers easily defeated the Crimson Tide by the score of 5-2, Alabama, scoring both their runs in the final inning. The second game went to the Badgers with ease by the score of 8-2. Kurhan turned in a brilliant performance on the mound.

It is significant that, playing for the only time during the season against a college outfit the Badgers did not find it difficult to break into the win column. It is unfortunate that the 1931 baseball nine, which was certainly a great aggregation, did not undertake an extensive intercollegiate schedule.

ORCHESTRA

The Spring Hill College Orchestra reached a high degree of perfection under the direction of Father C. C. Chapman, S.J. During the past year, programs of new and old college music were broadcast over radio station WODX. It featured the new college song "Purple and White" composed by Father Chapman and Jimmie Hynes.
